## HLB welcomes top 100 USA firm Baker Newman Noyes

USA – HLB is pleased to announce the addition of Baker Newman Noyes (BNN) to their global network. BNN has a wide client base that they serve locally, regionally, and globally from offices in Maine, Massachusetts, and New Hampshire. They are a leading tax, assurance, and advisory firm in the region and work in a host of sectors including banking and financial services, real estate and construction and public sector entities. Baker Newman Noyes will strength the ever-expanded HLB presence in North America.

*Our team at Baker Newman Noyes is thrilled to join HLB International and be a part of their strong, collaborative network,” said BNN Managing Principal Dayton Benway. “This membership complements BNN’s current accounting and advisory services and bolsters our offerings in emerging and niche areas, and we look forward to building strong relationships with our fellow high-quality, client service-focused member firms. Our commitment to learning and growth, teamwork, exceptionally responsive client service, and caring about our people, clients, and communities make this partnership a great fit.”*

Lisa Benson, HLB Chief Regional Officer, Western Markets, said:

*“We are very happy to welcome Baker Newman Noyes to the network. The addition of a Top 100 firm in in the Northeast strengthens the US market even further. With offices in five locations in three states paired with the depth of services BNN offers, it’s a big win for HLB. Their focus on fostering relationships and collaboration is entirely in keeping with the HLB’s people first approach. We look forward to working together and learning from each other so we can deliver effective accounting and advisory solutions to the HLB global community.”*

### NOTES TO EDITORS

#### About HLB

HLB International is a global network of independent advisory and accounting firms and through the power of 40,831 professionals across 156 countries, we combine local expertise and global capabilities to service client’s needs.
